This effectiveness is built on a few core tenets and simple building blocks. General principles are applied and customized to suit the needs of a dynamic violent situation. Contents include: Mind-sets, reactions, and tactics in response to violence The highest-level counters against multiple armed attacks and threats Core kick, clinch, and tackle defenses Core ground survival tactics Multiple-opponent strategies and tactics Impact weapon defenses Edged weapon defenses Firearm disarms and retention Includes 954 detailed photographs The most up-to-date tactics presented in this book focus on the most common violent scenarios.
