This Manual is the 14th major update of the AISC Steel
Construction Manual, which was first published in 1927. The
14th edition, released in 2011, contains several updates and
revisions from the 13th edition, including the new HP18 and
HP16 series, updated connection tables based on increased
bolt shear strength values, revised single-plate and extended
single-plate connection design procedures, enhanced prying
action procedure, and a revised bracket plate design
procedure.
