Health and Safety at Work Act 1974 - section 2 - places a duty on an employer to ensure, as far as is reasonably practicable, the health, safety and welfare at work of their employees. Management of Health and Safety at Work Regulations 1999 - places a duty on an employer to assess the risks to the health and safety of employees. This means an employer can be prosecuted if they knowingly allow an employee to continue working while under the influence of alcohol or drugs and their behaviour ...

Alcohol and drugs policies | Acas advice and guidance | Acas
Drugs and alcohol policy. A drugs and alcohol policy should clearly set out the rules and procedures for dealing with issues relating to drugs and alcohol. In some businesses, this will need to include details of staff training in the correct procedures for handling incidents and dealing with colleagues. The policy must be consistent with other areas of staff guidelines.

Workplace policies on smoking, drugs and alcohol
People who have alcohol and mental health problems are not well recognised in national policy. Mental health issues are poorly addressed in government alcohol policies, while alcohol is barely mentioned in national mental health policies including the Five Year Forward View for Mental Health. And budget constraints in both substance misuse and mental health services have put extra pressure on services already struggling to meet people ' s needs.

Alcohol and mental health | Centre for Mental Health
Alcohol control policies in public health perspective (Bruun et al. 1975), Sponsored by the World Health Organization (WHO), the monograph drew attention to the preventable nature of alcohol problems and to the role of national governments and international agencies in the formulation of rational and effective alcohol policies. Alcohol control policies stimulated a heated debate not just among academics, but also among policy-makers.

Alcohol Consumption Interventions - UKEssays
The Institute of Alcohol Studies is an independent institute bringing together evidence, policy and practice from home and abroad to promote an informed debate on alcohol ' s impact on society. Our purpose is to advance the use of the best available evidence in public policy decisions on alcohol.
