ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that youselect the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages: Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- Focuses students on the story of American history. America : Past and Present integrates the social and political dimensions of American history into one chronological narrative, providing students with a full picture of the scope and complexity of the American past. Written by award-winning historians, it tells the story of all Americans—elite and ordinary, women and men, rich and poor, white majority and minorities. This collection of primary sources includes both classic and lesser-known documents describing the rich mosaic of American life from the pre-contact era to the present day. The sources, both public and private documents—ranging from letters, diary excerpts, stories, novels, to speeches, court cases, and government reports—tell the story of American history in the words of those who lived it. This two-volume comprehensive anthology of primary sources expertly balances social and political history and includes up-to-date narrative material

With its careful balance of the social and political dimensions of the American past, America Past and Present, Sixth Edition, Volume B helps readers grasp the scope and the complexity of American history from 1848 to 1920. This book integrates political, diplomatic, social, cultural and economic history into one rich narrative that tells the story of all Americans—whites, blacks, Native Americans, Hispanics, women, politicians, business leaders, and the everyday person on the street. For anyone interested in American history from 1848 to 1920.

Each chapter in this unique compilation, designed to be informative and thought-provoking, offers an examination of incidents from The Civil War through the 20th Century, important to the development of the American Nation. It features a mix of primary and secondary source materials on approximately 30 selected "moments" in American history. Designed for use in introductory courses in American history, the incidents it covers were chosen both for their historical significance and to present a wide variety of human endeavors. Given the range of topics presented, there should be subjects of special interest to every student, regardless of major.

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. In The American South, William J. Cooper, Jr. and Thomas E. Terrill demonstrate their belief that it is impossible to divorce the history of the south from the history of the United States. Each volume includes a substantial biographical essay—completely updated for this edition—which provides the reader with a guide to literature on the history of the South. Coverage now includes the devastation of Hurricane Katrina in 2005, up-to-date analysis of the persistent racial divisions in the region, and the South's unanticipated role in the 2008 presidential primaries.

Science and religion represent two powerful forces that continue to influence the American cultural landscape. Negotiating Science and Religion in America sketches an intellectual-cultural history from the Puritans to the twenty-first century, focusing on the sometimes turbulent relationship between the two. Using the past as a guide for what is happening today, this volume engages research from key scholars and the author's work on emerging adults' attitudes in order to map out the contours of the future for this exciting, and sometimes controversial, field. The book discusses the relationship between religion and science in the following important historical periods: from 1687 to the American Revolution the revolutionary period to 1859 after Darwin's 1859 On the Origin of Species 1870–1925: the rise of religious modernism and pluralism to the Scopes Trial from Scopes to 1966 the present: 1966 to 2000 the third millennium: the voices of Stephen Jay Gould, Richard Dawkins, and Francis Collins the future and its contours. This is the ideal volume for any student or scholar seeking to understand the relationship between religion and science in society today.

American History volume 2 gives a wide overview of America's history from the end of the Civil War era, to the political and cultural struggles of contemporary times. Thomas S. Kidd employs lessons learned from his own scholarly expertise and history classes to weave together a compelling narrative of the defeats and triumphs that have defined the American national experience. Unlike many textbooks of modern American history, religion and faith remain central aspects of the book's coverage, through present-day America. It gives detailed treatment of episodes such as America's military conflicts, the Civil Rights movement, and the culture wars of the past half-century. Professor Kidd also considers the development of America's obsession with entertainment, from the rise of the first movies, to the social media age. American History volume 2 will help students wrestle with the political and cultural changes that have dramatically transformed contemporary American life
