This volume makes an interesting companion-piece to *The Animal Fable in Science Fiction and Fantasy* by Bruce Shaw. In that book, Shaw's focus is on examining the presence of animals in SF and how animals have been used to explore some of SF's favorite themes. In *Animal Alterity*, Vint's focus is more on the subject of human-animal studies (HAS).

Animal Alterity. Book Description: Animal Alterity uses readings of science fiction texts to explore the centrality of animals for our ways of thinking about human. It argues that the academic field of animal studies and the popular genre of science fiction share a number a critical concerns: thinking about otherness and the nature of human being; desiring communication across species difference; and interrogating the social and ethical consequences of changes in science

The stage has been set, then, for a critical re-examination of human-animal relations as they are constructed in sf, and Sherryl Vint's *Animal Alterity: Science Fiction and the Question of the Animal* steps up to the role with brio, urgency and originality. Taking her theoretical cues from the discipline of Human-Animal Studies (HAS) and its project to interrogate the "human-animal boundary" that all too often justifies the exploitation and destruction of "non-humans with whom we ...
