Too many people go through life racing after proof of their self-worth along an external loop: the finest shoes or watch, the most expensive car, a bigger house — or a better-looking mate, a brighter child, another academic or professional degree, a promotion at work. Some of these items may be briefly satisfying . . . but soon the old hunger returns. You can avoid this senseless and exhausting pursuit by reconnecting with the spiritual Being that has lived inside you from birth. In this compelling and enlightening book, Dr. Rajiv Juneja shows how acknowledging the spirit within offers new insights about the biological, psychological, and social aspects of our lives — helping us manage mindless responses, build emotional intelligence, find a life partner, enhance our relationships, and follow a purpose-filled highway at work. You Are More Than That describes rich strategies and practices for mastering your emotions and walking out of the comfort zone that hinders your growth. Your internal sense of soul will release your mind ' s full energies and let you fall in love with life. This book clearly demonstrates that you are more than the limited creature you may perceive, and you can follow a different story than the often-negative narrative cobbled together unconsciously from childhood experiences. You are more than that.

Do you know that you were well thought out in the mind of God? Do you know you were not a by-chance product? Do you know you have a God purpose? Created On Purpose For Purpose holds the keys that will unlock all the answers and equip you to walk out your God purpose! Everyone has a sense that they were born for a purpose. But there is something more than just a purpose. The God purpose was designed

" It ' s Not How Good You Are, It ' s How Good You Want to Be is a handbook of how to succeed in the world: a pocket bible for the talented and timid alike to help make the unthinkable thinkable and the impossible possible. The world ' s top advertising guru, Paul Arden, offers up his wisdom on issues as diverse as problem solving, responding to a brief, communicating, playing your cards right, making mistakes, and creativity — all endeavors that can be applied to aspects of modern life. This uplifting and humorous little book provides a unique insight into the world of advertising and is a quirky compilation of quotes, facts, pictures, wit and wisdom — all packed into easy-to-digest, bite-sized spreads. If you want to succeed in life or business, this book is a must. "

In an unorthodox approach, Georgetown University professor Cal Newport debunks the long-held belief that "follow your passion" is good advice, and sets out on a quest to discover the reality of how people end up loving their careers. Not only are pre-existing passions rare and have little to do with how most people end up loving their work, but a focus on passion over skill can be dangerous, leading to anxiety and chronic job hopping. Spending time with organic farmers, venture capitalists, screenwriters, freelance computer programmers, and others who admitted to deriving great satisfaction from their work, Newport uncovers the strategies they used and the pitfalls they avoided in developing their compelling careers. Cal reveals that matching your job to a pre-existing passion does not matter. Passion comes after you put in the hard work to become excellent at something valuable, not before. In other words, what you do for a living is much less important than how you do it. With a title taken from the comedian Steve Martin, who once said his advice for aspiring entertainers was to "be so good they can't ignore you," Cal Newport's clearly written manifesto is mandatory reading for anyone fretting about what to do with their life, or frustrated by their current job situation and eager to find a fresh new way to take control of their livelihood. He provides an evidence-based blueprint for creating work you love, and will change the way you think about careers, happiness, and the crafting of a remarkable life.

Jesus calls us not to cheer for him but to chase after him. Based on his bestseller Not a Fan, author and pastor Kyle Idleman reveals that Jesus calls us not to cheer for him but to chase after him. It is becoming a completely committed follower of Jesus. With a frankness that many readers are not likely to hear in church or Sunday school class, Kyle offers an invitation to take an honest look at one ' s relationship with Jesus. His call to follow may seem radical. It is more about repentance than forgiveness, more about surrender than salvation, more about brokenness than happiness, and more about death than about life. It ' s not a

comfortable and reassuring path. It ' s certainly not about just being a fan of Jesus, sitting on the sidelines cheering for his cause. It ' s about being a true follower where a person lives into their new identity in Christ.
