I bought this book for my 21 month old because I am interested in teaching her about shapes. It may be more appropriate for an older child. The book is split horizontally on the inside, separating pages between solid shapes on the top page (i.e. a solid black circle) and shape objects on the bottom page (i.e. a yellow sun).

Mail Duck: A Book of Shapes and Surprises by Erica Sirotich is a playful lift-the-flap book where special deliveries are made to different animals. Each animal loves a different shape from Trudy liking triangles to Omar liking ovals. When you lift the flap, more objects featuring that shape are revealed. Picture Books About Shapes

There are lots of shapes throughout the book, giving kids lots of opportunities to find them on their own. Round is a Mooncake: A Book of Shapes was written by Roseanne Thong and illustrated by Grace Lin. Join a young Chinese girl as she finds all kinds of simple shapes around her home and neighborhood. The rhyming text is full of examples of simple shapes, as well as items found in Chinese culture.

~~20 Shape Books for Kids - Fun with Mama~~

The book starts out simply by introducing three basic shapes. Then, it moves into silliness by introducing an emu pushing a pancake wagon down a hill. It continues in this same way, introducing shapes then randomly interjecting something silly (a porpoise reading a book of knock-knock jokes to three silly sea turtles.)

Shapes, shapes, shapes By: Tana Hoban A Mulberry Paperback Book This is a wordless book that includes vivid photographs on each page of different items seen in a variety of settings (including international and urban contexts). Children can recognize the shapes they see in each photograph and take note of how many shapes they see as there are a number of instances where there are multiple shapes to be counted on a page (i.e. a truck filled with boxes, weaved round baskets hanging up).

~~Shapes, Shapes, Shapes by Tana Hoban — Goodreads~~

Applying the tactile features of Montessori teaching, this innovative board book uses lightly grained sandpaper tracks to encourage children to trace various shapes as they enjoy whimsical illustrations of each. Shapes introduced include; squares, diamonds, ovals, rectangles, hearts, hexagons, diamonds, trapezoids, octagons and stars.
