Zachary Wagman on Michel Faber: A Boundless Imagination. Michel Faber has proven to be an eclectic and visionary writer. He has tackled Victorian England in The Crimson Petal and the White, followed an extraterrestrial with bad intentions through Scotland in Under The Skin and retold the Prometheus myth in The Fire Gospel. The Book of Strange New Things is Faber's most ambitious novel yet. It tells the story of Peter, a missionary to the planet Oasis, and his wife, Bea, back on Earth as the ...

A new cover edition of Michel Faber's bestselling blockbuster about a 19th century London prostitute

One of the most talked-about novels of the year, this international bestseller gives new meaning to the term “unputdownable.” Reviewers and readers everywhere have been eagerly abandoning their everyday lives for days and even weeks on end, refusing to leave Michel Faber’s vividly realized fictional world. They are captivated by Sugar, an enigmatic nineteen-year-old prostitute whose story begins in a hellish nineteenth-century London brothel. Struggling to lift her body and soul out of the gutter, Sugar claws her way up the social ladder to gain refuge in the wealthy family of her besotted lover, William Rackham, unwilling heir to a perfumery. Now in the popular Perennial format, *The Crimson Petal and the White* is a gripping tale, extraordinarily rich, intricate and intoxicating to the final page.

Enjoy more Sugar. Join Clara at the rat pit. Relax with Mr Bodley as he is lulled to sleep by Mrs Tremain and her girls. Find out what became of Sophie. Michel Faber revisits the world of his bestselling novel *The Crimson Petal and the White*, conjuring tantalising glimpses of its characters, their lives before we first met them and their intriguing futures. You'll be desperate for more by the time you reluctantly re-emerge into the twenty-first century.

A monumental, genre-defying novel that David Mitchell calls “Michel Faber’s second masterpiece,” *The Book of Strange New Things* is a masterwork from a writer in full command of his many talents. It begins with Peter, a devoted man of faith, as he is called to the mission of a lifetime, one that takes him galaxies away from his wife, Bea. Peter becomes immersed in the mysteries of an astonishing new environment, overseen by an enigmatic corporation known only as USIC. His work introduces him to a seemingly friendly native population struggling with a dangerous illness and

# Online Library By Michel Faber *The Crimson Petal And The White*

hungry for Peter ' s teachings—his Bible is their “ book of strange new things. ” But Peter is rattled when Bea ' s letters from home become increasingly desperate: typhoons and earthquakes are devastating whole countries, and governments are crumbling. Bea ' s faith, once the guiding light of their lives, begins to falter. Suddenly, a separation measured by an otherworldly distance, and defined both by one newly discovered world and another in a state of collapse, is threatened by an ever-widening gulf that is much less quantifiable. While Peter is reconciling the needs of his congregation with the desires of his strange employer, Bea is struggling for survival. Their trials lay bare a profound meditation on faith, love tested beyond endurance, and our responsibility to those closest to us. Marked by the same bravura storytelling and precise language that made *The Crimson Petal and the White* such an international success, *The Book of Strange New Things* is extraordinary, mesmerizing, and replete with emotional complexity and genuine pathos.

Hailed as "original and unsettling, an *Animal Farm* for the new century" (*The Wall Street Journal*), this first novel lingers long after the last page has been turned. Described as a "fascinating psychological thriller" (*The Baltimore Sun*), this entrancing novel introduces Isserley, a female driver who picks up hitchhikers with big muscles. She, herself, is tiny--like a kid peering up over the steering wheel. Scarred and awkward, yet strangely erotic and threatening, she listens to her hitchhikers as they open up to her, revealing clues about who might miss them if they should disappear. At once humane and horrifying, *Under the Skin* takes us on a heart-thumping ride through dangerous territory--our own moral instincts and the boundaries of compassion. A grotesque and comical allegory, a surreal representation of contemporary society run amok, *Under the Skin* has been internationally received as the arrival of an exciting talent, rich and assured.

NEIL GAIMAN: 'Glorious. A story that will be found and enjoyed and dreamed about for years to come' A celebration of friendship, courage and imagination inspired by Alice in Wonderland, The Chronicles of Narnia and The Wizard of Oz.

---

It all starts on the morning the letter D disappears from the language. First, it vanishes from her parents' conversation at breakfast, then from the road signs outside. Soon the local dentist and the neighbour's Dalmatian are missing, and even the Donkey Derby has been called off. Though she doesn't know why, Dhikilo is summoned to the home of her old history teacher Professor Dodderfield and his faithful Labrador, Nelly Robinson. And this is where our story really begins. Set between England and the wintry land of Liminus, a world enslaved by the monstrous Gamp and populated by fearsome, enchanting creatures, D (Tale of Two Worlds) is a mesmerising tale of friendship and bravery in an uncertain world. Told with simple beauty and warmth, its celebration of moral courage and freethinking is a powerful reminder of our human capacity for strength, hope and justice. 'Dhikilo is a splendid heroine for our time: She stands for kindness, honesty and humanity' DIANE SETTERFIELD 'Young adult readers will love it, but Faber's brio and bubbly ingenuity will delight adult readers too.' Daily Mail

In a surreal portrait of contemporary society run amok, Isserley spends her life picking up hitchhikers, a diverse array of trailer trash, graduate students, thugs, and philosophers, whose only interest for Isserley is whether they have families and whether they have muscles. A first novel. Reader's Guide included. Reprint. 20,000 first printing.

muscles. A first novel. 25,000 first printing.

How can you say goodbye to the love of your life? In *Undying* Michel Faber honours the memory of his wife, who died after a six-year battle with cancer. Bright, tragic and candid, these poems are an exceptional chronicle of what it means to find the love of your life. And what it is like to have to say goodbye. All I can do, in what remains of my brief time, is mention, to whoever cares to listen, that a woman once existed, who was kind and beautiful and brave, and I will not forget how the world was altered, beyond recognition, when we met.
