Beth and her cousin Patrick travel in Mr. Whittaker's invention, the Imagination station, to 1000 A.D. Greenland, where they meet Erik the Red and Leif Eriksson and witness the spread of Christianity in that country.

Veronica Cruz has been through hell and back. After disconnecting with the world two years ago to be at the side of her dying mother, she's left alone, unemployed, overweight, and feeling a decade older than her twenty-eight years. When her best friend coaxes her into joining the local gym to ditch her depression and rejuvenate her life, she meets Noah. Assigned to help Veronica lose weight, Noah is everything she expected a young trainer to be—perfectly chiseled, supportive and motivating. Add to that, he's incredibly sexy. He's everything she's ever looked for in a man. What she least expected was for him to fall for her, but he has. There's just one glaring problem: Noah is eight years younger. Noah Quintanilla has his eye on a boxing title—someday. Down for a few months with an injury, his maintenance-boy pay at 5th Street Gym won't cut it. He's finally given the opportunity to train. The catch? His trainee is an out-of-shape woman with a free week pass. Taking on the challenge, Noah stumbles into one of the closest friendships he's ever known, and before he knows it, he's in love. But Veronica's not having it—the age difference is too much. Their platonic relationship means having to watch her date other men—something that would make him crazy. Believing he's the man for her, Noah sets out to prove that age is but an illusion, and there's more to him than just a number. Adult Contemporary

This important book, written by educational expert and urban school leader, Tom Payzant, offers a realistic understanding of what urban school leadership looks like from the inside. Payzant shares his first-hand knowledge of the unique managerial, instructional, and political tasks of this role. Effectively combining practical lessons and research, *Urban School Leadership* includes in-depth analysis of various leadership concerns. The book covers topics such as improving student achievement, working with unions, building community, and maintaining and developing resources. Most importantly, it offers stories of real school leaders whose successes and missteps reveal the inherent "messiness" of this difficult job. *Urban School Leadership* is part of the Jossey-Bass Leadership Library in Education series. "This important book provides compelling examples of how effective leaders can have hope, see progress, and achieve success for all children in the schools and districts they lead."—Richard Riley, former United States Secretary of Education "Tom Payzant is one of the few people who could provide such a comprehensive, useful book for educational leaders at all levels. This very practical book is grounded in the important experiences and impressive judgment of one of our nation's most successful school superintendents."—Jon Schnur, co-founder and CEO, New Leaders for New Schools "Tom Payzant is one of the finest urban educators of our generation. *Urban School Leadership* is compelling, crisp, and wise—providing a clear path for those dedicated to improving the trajectory of children's lives."—Timothy F.C. Knowles, executive director, Center for Urban School Improvement, University of Chicago "Urban School Leadership is a must read for anyone interested in the landscape of urban public education in America."—Beverly Hall, superintendent, Atlanta Public Schools

Fueled by media reports of gender bias in the schools, the debate over single sex education has been recently renewed. "Voices of Hope" asks for a reconsideration of the framing of that debate. For whom is single sex education better? For the attainment of which goals? What do girls gain by being schooled with male peers? What is lost? In this longitudinal study of more than fifty high school girls at four New England independent schools, Carole B. Shmurak follows their development from ninth grade through the first year of college. Case studies capture the girls' own voices as they describe their hopes for their futures and the events that subsequently affect those futures.

'The whole Bible, in just one year? You've got to be kidding.' Don't panic! How about just the New Testament to start off with? Take thousands of young people all committed to reading the word together Add in a brand new arrangement of the New Testament, with small chunks to read each day Start on 1st September, when the new school/uni year is getting going Kick it off with a bit of explanation about how the Bible works and what it contains Mix with online blogs and commentary from Mike Pilavachi and Andy Croft Top it up with prayer, good friends, supportive youth leaders - and you'll be well on the way to understanding the Scriptures and forming good Bible reading habits for life.
