The center of the Universe

Online Library Center Of The Universe Trupin

is a concept that lacks a coherent definition in modern astronomy; according to standard cosmological theories on the shape of the universe, it has no center. Historically, different people have suggested

Online Library Center Of The Universe Trupin

various locations as the center of the Universe. Many mythological cosmologies included an axis mundi, the central axis of a flat Earth that connects the Earth, heavens, and other realms together. In the 4th century

~~Center of the Universe
(2008) — IMDB~~

Online Library Center Of The Universe Trupin

After only a few sentences, indeed a few phrases, one recognises a narrator who, as Forster said about Cavafy, stands at a very odd angle to the universe. The two stunning images at the end of the the paragraph

Online Library Center Of The Universe Trupin

tell us an amazing amount
about both the narrator and
Lucie.
