Chainsaws: A History tells the story of these oil-stained machine-shop geniuses and inventors as much as it tells the story of the machines themselves. An essential industrial history as well as a treasure for chainsaw buffs, written by one of Canada's most distinctive writers; David Lee has won acclaim for his books on jazz as well as his novel Commander Zero.

Chainsaws: A History: Amazon.co.uk: Lee, David: Books

Chainsaws: A History, by, David Lee. 4.18 · Rating details · 11 ratings · 3 reviews. "It rips, and cuts, it makes a horrible racket—a chainsaw is a frightening thing. I write not to glorify its terrible power but to acknowledge its place in the most sweeping revolution that technology has wrought in the 20th century—the revolution of individual empowerment."

Chainsaws: A History by David Lee

The prototype of the chain saw familiar today in the timber industry was pioneered in the late 18th century by two Scottish doctors, John Aitken and James Jeffray, for symphysiotomy and excision of diseased bone respectively. The chain hand saw, a fine serrated link chain which cut on the concave side, was invented around 1783–1785.
