China Goes Global: The Partial Power: Amazon.co.uk ...

In "China Goes Global: The Partial Power" David Shambaugh presents and defends the main argument of the book: China's influence is increasing globally and yet it still remains only a partial world power.

China Goes Global: The Partial Power by David Shambaugh

Most global citizens are well aware of the explosive growth of the Chinese economy. Indeed, China has famously become the workshop of the world. Yet, while China watchers have shed much light on the country's internal dynamics--China's politics, its vast social changes, and its economic development--few have focused on how this increasingly powerful nation has become more active and assertive throughout the world.

China Goes Global - Hardcover - David Shambaugh - Oxford ...

China Goes Global is a comprehensive look at six aspects of China's rise: perpetual, diplomatic, global governance, economic, cultural, and security. Whilst Shambaugh's book is thorough and makes...

In China Goes Global, eminent China scholar David Shambaugh delivers the book that many have been waiting for--a sweeping account of China's growing prominence on the international stage. Thirty...

China Goes Global: The Partial Power - David Shambaugh ...

In China Goes Global, he proposes and defends the hypothesis that China is an increasingly important global player, but is only a partial power. The book provides a thorough overview of China's dynamic position in the global order and is a welcome perspective-setter for those in the scholarly community who have perhaps ventured too deep into testing social science theories and lost sight of the bigger picture.

Book Review: China Goes Global: The Partial Power by David ...

In contrast, Shambaugh argues that China is a partial power, with greater presence but not necessarily greater influence. He maintains that China's global presence is broader but shallow, a pithy assessment that is likely to become widely cited.

China Goes Global: The Partial Power | International ...

In China Goes Global, eminent China scholar David Shambaugh delivers the book many have been waiting for--a sweeping account of China's growing prominence on the international stage. Thirty years ago, China's role in global affairs beyond its immediate East Asian periphery was decidedly minor and it had little geostrategic power.

China Goes Global

China Goes Global: The Partial Power by David Shambaugh. A neat model for the nascent superpower is proving elusive, says Kerry Brown. David Shambaugh's study comes with an unexciting subtitle, The Partial Power. Here, he wrestles with a problem that has intensified over the past decade during China's economic ascent, although it has existed for many decades.

China Goes Global: The Partial Power by David Shambaugh ...

In his book China Goes Global, the Partial Power, David Shambaugh, a China expert at George Washington University, acknowledges China's epochal metamorphosis from one of the poorest and, some would argue, insignificant countries in the world to one of the wealthiest. He calls this transformation, as many have before him, the "big story of our time."

China Goes Global: David Shambaugh, Mark Ashby ...

Wherever one turns, China is in the news - gobbling up resources, soaking up investment, expanding its overseas footprint, asserting itself in its Asian neighborhood, being the sought-after suitor in global governance diplomacy, sailing its navy into new waters, broadening its global media exposure and cultural presence, and managing a mega-economy that is the engine of global growth.
