Annotation. This guide book offers one of the most complete, concrete student success programs in the country, with suggestions and strategies for academic success and personal improvement--including goals, change, and career/life planning. Visually stunning, and conversationally written, the book provides readers with a variety of solutions to almost any problem faced in the first year of college and beyond. Chapter topics include preparing for and dealing with change; motivation, goal setting and self-esteem; things you need to know about college, but may never ask; managing your time and money wisely; the art of active listening; empowering your memory; critical and creative thinking skills; practical steps for writing and speaking; and a plan for wellness, stress reduction and personal responsibility. For anyone preparing and planning to succeed in life.

For courses in Freshman Orientation, Student Success, Study Skills Life Skills, and Career Development. This text offers one of the most complete, concrete student success programs in the country, with suggestions and strategies for academic success and personal improvement--including goals, change, and career/life planning. Visually stunning, conversationally written, and student-tested, the book provides students with a variety of solutions to almost any problem faced in the first year of college and beyond. Included with every new copy is the Video Cases on CD-ROM Activity and Learning Guide to facilitate active learning.
