Daisy Cooks!: Latin Flavors That Will Rock Your World ...

Now Daisy Martinez will introduce all of America to Latin cooking-her way. In a country where salsa now outsells ketchup, Daisy Martinez is out on a mission to change the way we cook. In her new cookbook, a tie-in to her public television show, Daisy introduces us to the mouthwatering meals of her Latin ancestry-and not just to the pork, beans, rice, and burritos many people associate with Latino culture.

Health-conscious readers, beware:  
this cuisine is laden with animal  
products, carbs and things fried and  
refried, and Martinez admits to  
leaning toward too-large portions,  
which she calls "Daisy Servings." Still,  
anyone new to Latin classics like  
Paella, Ropa Vieja, and Dulce de  
Leche should find plenty of  
motivation within these colorful  
pages.
