Detecting Lies and Deceit: The
Psychology of Lying and the ...
Why do people lie, and how can lies be
detected? There is now a substantial
psychological literature relating to these
fundamental questions, and this book
reviews the relevant research on lying and
detection in detail, focusing on guidelines
for best practices in detecting deception.

and discusses the working and efficacy of the most commonly used lie detection tools, including: Behaviour Analysis Interview. Statement Validity Assessment. Reality Monitoring.

Detecting Lies and Deceit: Pitfalls and Opportunities ...

There are many facets of deception and many approaches to lie detection. The works cited here provide overviews of these subjects. Kerr 1990 is an anthology of literary, religious, and historical writings about deception. Barnes 1994 treats lying in its societal context, while Ford 1996 brings a clinical perspective to the subject.
