* Life in post-apartheid South Africa, as dramatised in this timely and entertaining anthology of new plays

South Africa has a uniquely rich and diverse theatre tradition which has responded energetically to the country's remarkable transition, helping to define the challenges and contradictions of this young democracy. This volume considers the variety of theatre forms, and the work of the major playwrights and theatre makers producing work in democratic South Africa. It offers an overview of theatre pioneers and theatre forms in Part One, before concentrating on the work of individual playwrights in Part Two. Through its wide-ranging survey of indigenous drama written predominantly in the English language and the analysis of more than 100 plays, a detailed account is provided of post-apartheid South African theatre and its engagement with the country's recent history. Part One offers six overview chapters on South African theatre pioneers and theatre forms. These include consideration of the work of artists such as Barney Simon, Mbongeni Ngema, Phyllis Klotz; the collaborations of William Kentridge and the Handspring Puppet Company; the work of Magnet Theatre, and of physical and popular community theatre forms. Part Two features chapters on twelve major playwrights, including Athol Fugard, Reza de Wet, Lara Foot, Zakes Mda, Yaël Farber, Mpumelelo Paul Grootboom, Mike van Graan and Brett Bailey. It includes a survey of emerging playwrights and significant plays, and the book closes with an interview with Aubrey Sekhabi, the Artistic Director of the South African State Theatre in Pretoria. Written by a team of over twenty leading international scholars, *The Methuen Drama Guide to Contemporary South African Theatre* is a unique resource that will be invaluable to students and scholars from a range of different disciplines, as well as theatre practitioners.

This title explores the diversity of the performing arts in Africa and the diaspora, from studies of major dramatic authors and formal literary dramas to improvisational theatre and popular video films.

El creixement dels moviments sociopolítics entre els anys seixanta i noranta als Estats Units i a Sud-àfrica va establir els fermes fonaments sobre els quals, amb una força i ímpetu sense precedents, es va forjar el teatre negre d'aquests anys. Forma i contingut van sorgir a l'una del compromís polític i artístic adoptat per aquests artistes contra l'imperialisme, el colonialisme i el racisme occidentals. Per primera vegada en la història, el teatre negre dels Estats Units i de Sud-àfrica analitzava i valorava les arrels negres per a poder il·luminar la recerca d'un futur de llibertat. No obstant això, el context sociopolític i les circumstàncies específiques de cada país han generat igualment els trets distintius del teatre afronord-americà i negre sud-africà (incloses les diferències de gènere) manifestos en ramificacions artístiques totalment heterogènies i úniques.

The *Drama of South Africa* comprehensively chronicles the development of dramatic writing and performance from 1910, when the country came into official existence, to the advent of post-apartheid. Eminent theatre historian Loren Kruger discusses well-known figures, as well as lesser-known performers and directors who have enriched the theatre of South Africa. She also highlights the contribution of women and other minorities, concluding with a discussion of the post-apartheid character of South Africa at the end of the twentieth century.
