~~En 15194 Standard~~

EN 15194 is now harmonized under the Machinery Directive (2006/42/EC). This Directive contains a list of essential health and safety requirements relating to the design and construction of machinery. Vehicles may only be placed on the market and/or put into service if they comply with these requirements.

EN15194 STANDARD PDF - Metin 2

For these vehicles the European standard EN 15194 (EPAC – Electrically Power Assisted Cycles) has been implemented. The text of this standard should be available in the national language from the national standardisation institutes. Most EU member states have not introduced a legal obligation to comply with EN 15194.
