Comprising a pupil's book, teacher's guide and copymaster file for each year, this series covers all of the Sc1 to Sc4 requirements and incorporates the ideas and evidence statements of the revised National Curriculum (formerly part of Sc0). The course also supports the content and approach of the QCA Scheme of Work.

Unbeatable planning support for the Science Strategy

Comprising a pupil's book, teacher's guide and copymaster file for each year, this series covers all of the Sc1 to Sc4 requirements and incorporates the ideas and evidence statements of the revised National Curriculum (formerly part of Sc0). The course also supports the content and approach of the QCA Scheme of Work.

Comprising a pupil's book, teacher's guide and copymaster file for each year, this series covers all of the Sc1 to Sc4 requirements and incorporates the ideas and evidence statements of the revised National Curriculum (formerly part of Sc0). The course also supports the content and approach of the QCA Scheme of Work.

Primary Exploring Science Teacher Guides provide comprehensive support for teachers and teaching assistants, saving you time and giving you a helping hand with planning.

Facilitating the transition from KS2 to KS3

Motivating pupils of all abilities.

The authors of this book examine the British National Curriculum from several different perspectives and concentrate on various subject areas. The uniting theme between these essays is the argument that the subjects in the school curriculum used to be regarded as discrete areas of knowledge which would be imparted to pupils by teachers motivated by a love of learning, but that this has not been enough for recent governments who see schools as a means of promoting social and political goals that may or may not relate to traditional academic disciplines. The contributors to this book argue that we need to return to the traditional view of education as a means of transmitting a body of knowledge from one generation to the next, and that academic rigour and respect for the professionalism of teachers should take precedence over political manipulation of the curriculum.

"Exploring Science: Working Scientifically has been designed to deliver the new National Curriculum and the Science Programmes of Study for Key Stage 3 (published September 2013)."--Page 1 of Teacher and technician planning pack.
