Kimmel has all the tools you need for a successful accounting course! The new fifth edition of Financial Accounting: Tools for Decision-Making by Kimmel, Weygandt, Kieso, Trenholm and Irvine continues to provide the best tools for both instructors and students to succeed in introductory financial accounting class. Previous editions have been praised by professors and students alike for a sound pedagogical framework, clear presentation, and real-world focus. This hands-on text, paired with a powerful online teaching and learning environment, WileyPLUS, offers students a practical set of tools for use in making business decisions based on financial information. The focus of the fifth edition Financial Accounting: Tools for Decision-Making remains the same: to help you teach and learn the basics of financial accounting in an engaging and pedagogically sound manner, and at the same time bring to your attention the most current coverage of both sets of rapidly changing accounting standards, IFRS and ASPE. The text and its outstanding supplements, including WileyPLUS, form an integrated and easy-to-use solution for instructors and students alike.

Helping Students Build a Solid Financial Accounting Foundation This text is designed to provide students with the best tools and resources to understand accounting. Financial Accounting introduces the financial statements and the conceptual framework that underlies them in Chapter 1, and builds on this foundation throughout the remaining 12 chapters. The concepts and procedures that form the accounting cycle are also described and illustrated early in the text (chapters 2 and 3) and are then applied consistently in the chapters that follow. By introducing financial accounting's most critical concepts and procedures early in the book and then repeatedly applying them in the context of new material in later chapters, students will finish the textbook with a sound grasp of introductory financial accounting principles.
