Stableford's construction of this literary tradition goes much further than simply a review of the early novels of H.G. Wells, including as it does an overview of authors such as George Griffith ...

In this new edition of George Seferis's poems, the acclaimed translations by Edmund Keeley and Philip Sherrard are revised and presented in a compact, English-only volume. The revision covers all the poems published in Princeton's earlier bilingual edition, *George Seferis: Collected Poems* (expanded edition, 1981). Winner of the Nobel Prize for Literature in 1963, George Seferis (1900-71) has long been recognized as a major international figure, and Keeley and Sherrard are his ideal translators. They create, in the words of Archibald MacLeish, a "translation worthy of Seferis, which is to praise it as highly as it could be praised." Although Seferis was preoccupied with his tradition as few other poets of the same generation were with theirs, and although he was actively engaged in the immediate political aspirations of his nation, his value for readers lies in what he made of this preoccupation and this engagement in fashioning a broad poetic vision. He is also known for his stylistic purity, which allows no embellishment beyond that necessary for precise yet rich poetic statement.

The Greek poet C. P. Cavafy (1863-1933) lived most of his life in Alexandria, where he was content to circulate his work only among a select group of readers; but since his death he has come to be recognized and widely enjoyed as one of the great poets of the twentieth century in any language celebrated for his elegant formal structures, for his brilliant reanimation of myth and for his subtle treatment of erotic experience. Lawrence Durrell has written of this masterly translation: 'Cavafy has now at last fallen upon translators who can do justice to his wry melodious poems, glinting with insight as if from veins of mica'.

This anthology is composed of revised translations selected from five volumes of work by major poets of modern Greece offered by Keeley and Sherrard during the 1960s and '70s. Poems chosen are those that translate most successfully into English and that are also representative of the best work of the original poets--C.P. Cavafy, Angelos Sikelianos, George Seferis, Odysseus Elytis, and Nikos Gatsos.

{This is a} translation worthy of Seferis, which is to praise it as highly as it could be praised. -- Archibald MacLeish.

The celebrated modern Greek poet Yannis Ritsos follows such distinguished predecessors as C. P. Cavafy and George Seferis in a dramatic and symbolic expression of a tragic sense of life. The shorter poems gathered in this volume present what Ritsos calls "simple things" that turn out not to be simple at all. Here we find a world of subtle nuances, in which everyday events hide much that is threatening, oppressive, and spiritually vacuous--but the poems also provide lyrical and idyllic interludes, along with cunning re-creations of Greek mythology and history. This collection of Ritsos's work--perhaps most of all those poems written while he was in forced exile under the dictatorship of the Colonels--testifies to his just place among the major European poets of this century. The distinguished translator of modern Greek poetry Edmund Keeley has chosen for this anthology selections from seven of Ritsos's volumes of shorter poems written between 1946 and 1975. Two of these volumes are represented here in English versions for the first time, two others have been translated only sporadically, and the remaining three were first published in a bilingual edition now out of print (Ritsos in Parentheses). The collection thus covers thirty years of a poetic career that is the most prolific, and among the most honored, in Greece's modern history.

This new bilingual edition of *George Seferis: Collected Poems* both supplements and revises the two earlier editions published in 1967 and 1969. It presents for the first time the complete Notes for a 'Week,' " Three Secret Poems, and three later poems that were not collected by the poet himself but whose English translation he authorized during his lifetime. Originally published in 1982. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.
