During his work in these roles, Stiglitz grew disillusioned with the International Monetary Fund (IMF); his work reflects his idea that the IMF's policies are founded on neoliberal ideas that are not sound. In Globalization and Its Discontents, he blames IMF policies for the East Asian financial crisis and the Argentinian economic crisis. He also lays blame at IMF's door for Russia's failed attempt to convert to a market economy, as well as a lack of development in Sub-Saharan Africa.

Globalization and Its Discontents Summary | SuperSummary

Globalization and Its Discontents is a book published in 2002 by the 2001 Nobel laureate Joseph E. Stiglitz. The book draws on Stiglitz's personal experience as chairman of the Council of Economic Advisers under Bill Clinton from 1993 and chief economist at the World Bank from 1997. During this period Stiglitz became disillusioned with the IMF and other international institutions, which he came to believe acted against the interests of impoverished developing countries. Stiglitz argues that the
