Provides instructions on how to use handguns for personal defense and protection, describing the types of people who should not own guns, and discussing psychological preparedness, basic tactical self-protection tools, handling and maintenance, ammunition, revolvers, semi-automatic pistols, holsters, safe operation and range procedures, safe shooting and survival procedures, and other topics.

Traces the story of the American gun market as reflected by an Austrian six-cylinder revolver, tracing how it has become a weapon of choice on both sides of the law, in the entertainment industry, and among Second Amendment enthusiasts.

COURSE OF ACTION Without warning, three U.S.-made tanks swoop down on an Israeli settlement with cannons blazing. When the attack is over, hundreds are dead. Mack Bolan's hard probe reveals that the tanks were missing from a U.S.-to-Egypt military aid package. Bolan's mission takes him to Cairo to find out who is selling American weapons to terrorists. But the enemy is organized and deadly, anticipating his arrival. He races across Egypt and Lebanon, facing highly trained commandos, Hezbollah hitmen, even a Syrian armored platoon. It all leads to an ancient copper mine, a squadron of nerve-gas bearing drones, and a countdown to the start of a bloody war between Egypt

Bill Jedburgh, is a former Royal Hong Kong Police Inspector trained as a sniper and bodyguard. Disenchanted with the Force he has resigned and, encouraged by a dubious entrepreneur, takes up a new occupation as an anonymous, freelance hitman called 'The Reliable Man'. Relaxing at his beachfront property in Thailand he hears that one of his old police buddies has been killed under weird circumstances. Soon the Singapore Intelligence Service is knocking on his door demanding that he look into the matter and take whatever action may be necessary.

While movies and television have made many people familiar with the name Glock, not many know the history of Glock's pistols. With The Book of Glock, Robert A. Sadowski showcases all of Glock's American handgun models, from the first model, the Glock 17, which premiered in 1982, to the all-new G43, and educates firearms enthusiasts on the quirks of each. The Book of Glock references all Glock pistols available in the United States with in-depth information on all models—history, serial numbers, rare Glock variants, comparative models, cutaway sales models, and more. Sadowski worked closely with Stanley Ruselowski, the president of the Glock Collectors Association, to bring readers information and photos of rarely seen Glocks. Each chapter is dedicated to a different model. Sadowski provides a timeline of the company's evolution and a close look at how Glock redefined the combat pistol. Other chapters touch on rare models, commemorative editions, and Glock tools and accessories. Whether a firearms collector or a new enthusiast, anyone can enjoy Sadowski's analysis of Glocks throughout history.

This manual provides the basic operator the specifics of handling an AR-10 type rifle safely. Basics on care and maintenance for each AR-10 type rifle you own. Overall safety considerations, disassembly, cleaning, reassembly and common warnings. A great beginner's manual for individuals getting their first AR-10 type rifle.

The Modern Survival Manual is based on first hand experience of the 2001 Economic Collapse in Argentina. In it you will find a variety of subjects that the author considers essential if a person wants to be prepared for tougher times: -How to prepare your family, yourself, your home and your vehicle -How to prepare your finances so that you don't suffer what millions in my country went through -How to prepare your supplies for food shortages and power failures -How to correctly fight with a chair, gun, knife, pen or choke with your bare hands if required -Most important, how to reach a good awareness level so that you can avoid having to do all that These are just a few examples of what you will find in this book. It's about Attitude, and being a more capable person and get the politically correct wimp out of your system completely.

"Your guide to the world of Glock. Gaston Glock's revolutionary pistol is recognized as one of the most important and innovative firearms designs of the last 50 years. Since its introduction in 1983, the Glock has become the preferred autoloading pistol for countless law enforcement and government agencies, military units, competitive and recreational shooters, and private citizens. ... This first-of-its-kind book provides comprehensive, hands-on coverage and testing of all Glock pistols..."--Page [4] of cover.
