~~Transfer Case~~

Remanufactured Transfer Cases  
The NP246 Transfer Case (New  
Process 246) saw a production  
run largely in the early-mid 2000s  
for GM trucks, and the late 2000s  
for Dodge Ram. These units are

# Access Free Gm Np 246 Transfer Case Rebuild

Very similar to the NP243 Transfer Case.

## ~~NP 246 Transfer Cases | RANDYS Worldwide~~

If you've been experiencing difficulties with your NP246 transfer case, know that you're not alone. A design flaw in the 246 GM transfer case causes the pump to wear the case out, leading to leakage and eventual failure. These cases were put on a number of vehicles including:

~~Amazon.com: np246 transfer case parts~~

The NP246 has a design problem where the pump can wear out the case causing premature failure and leaking. The problem with merely replacing the case is it won't solve the problem.

Magnesium cases are soft; aluminum pumps are harder. The problem leak will come back and ruin your day.
