this is a well thought out street atlas . two scales normal scale and a bigger scale for central London . this atlas covers area from Welwyn in the north to Charlwood in the south. chadwell / Gravesend in the east to loudwater / Windsor in the west. overall better than my current atlas as I work around w/sw/nw London everyday and sometimes need a larger scale not a symbol as the road is not big enough to put on the map

I bought an earlier copy of Collins Greater London Street Atlas some years ago and constantly referred to it which eventually lead to its cover parting company with the main body of the book! The new edition is on a slightly smaller scale but includes additional information on it. Its good to have a "trusted friend" back on the shelf!
