Students cannot "cram" in the memory work two weeks before proofing and expect to gain true mastery of the material. If a student masters each week's memory work along the way, then the Memory Master process is much easier. The younger the child, the more time and energy mom or dad will need to invest.

Beast Mastery is fortunate enough to only need a single legendary to be optimal in every situation at the moment. This is particularly great, because Soulforge Embers is a generic legendary that can be used as any Hunter specialization. This means that you could craft it and still be able to use it for Marksmanship and Survival, meaning you would not be as far behind while playing those specs ...
