During the decade prior to the advent of the World Superbike Championship in 1988, Honda's RVF four-stroke motorcycles dominated the World Endurance Championship and the World F1 Championship. Initially, however, Honda's V-4 powerplant was a total disaster. But with major financial reinvestment, the engine's fortunes turned and it went on to enjoy significant competition success. This is the story behind the development of Honda's four-stroke RVF and RS racers, as well as the VFR streetbike, which has remained a highly sought-after motorcycle for more than a decade. Author Julian Ryder follows Honda's four-stroke engine, from the early disappontments, to the competition successes of Joey Dunlop, to the introduction of the fuel-injected RC45, which is still the basis for today's Superbike races. Also included are detailed competition results and motorcycle specifications.

2003-2006 HONDA CBR600RR

This is a compelling celebration of the life of Marco Simoncelli, the maverick motorcycle racer who lost his life in the 2011 Malaysian MotoGP race. Written by his parents, Rossella and Paolo, this book paints an intimate portrait of a rising star. Simoncelli's final lap was as adrenaline-fuelled as the rest of his career, which was on the way up – the two races before his last were arguably two of his best. Marco's eventful paddock life, signature 'afro' and close friendship with Valentino Rossi are all captured here by the words of his parents, and in 200 unique photographs of life on and off the track.

A comprehensive account of Jewish life in a country that carries the legacy of being at the epicenter of the Holocaust. Originally published in German in 2012, this comprehensive history of Jewish life in postwar Germany provides a systematic account of Jews and Judaism from the Holocaust to the early 21st Century by leading experts of modern German-Jewish history. Beginning in the immediate postwar period with a large concentration of Eastern European Holocaust survivors stranded in Germany, the book follows Jews during the relative quiet period of the 50s and early 60s during which the foundations of new Jewish life were laid. Brenner's volume goes on to address the rise of anti-Israel sentiments after the Six Day War as well as the beginnings of a critical confrontation with Germany's Nazi past in the late 60s and early 70s, noting the relatively small numbers of Jews living in Germany up to the 90s. The contributors argue that these Jews were a powerful symbolic presence in German society and sent a meaningful signal to the rest of the world that Jewish life was possible again in Germany after the Holocaust. "This volume, which illuminates a multi-faceted panorama of Jewish life after 1945, will remain the authoritative reading on the subject for the time to come." —Frankfurter Allgemeine Zeitung "An eminently readable work of history that addresses an important gap in the scholarship and will appeal to specialists and interested lay readers alike." —Reading Religion "Comprehensive, meticulously researched, and beautifully translated." —CHOICE

Paper Notebook Looking for a great gift idea with love Ducks ? Need a new journal in your life?This Unique and Funny Journal Notebook is sure to please and make the perfect Christmas or birthday present for men or women. 100 8 x 10 Lined Pages are provided for you to put your thoughts, hopes, experiences, likes, and dislikes.
