Offers one hundred rules that every first year law student should live by “Dear Law Student: Here’s the truth. You belong here.” Law professor Andrew Ferguson and former student Jonathan Yusef Newton open with this statement of reassurance in The Law of Law School. As all former law students and current lawyers can attest, law school is disorienting, overwhelming, and difficult. Unlike other educational institutions, law school is not set up simply to teach a subject. Instead, the first year of law school is set up to teach a skill set and way of thinking, which you then apply to do the work of lawyering. What most first-year students don’t realize is that law school has a code, an unwritten rulebook of decisions and traditions that must be understood in order to succeed. The Law of Law School endeavors to distill this common wisdom into one hundred easily digestible rules. From self-care tips such as “Remove the Drama,” to studying tricks like “Prepare for Class like an Appellate Argument,” topics on exams, classroom expectations, outlining, case briefing, professors, and mental health are all broken down into the rules that form the hidden law of law school. If you don’t have a network of lawyers in your family and are unsure of what to expect, Ferguson and Newton offer a forthright guide to navigating the expectations, challenges, and secrets to first-year success. Jonathan Newton was himself such a non-traditional student and now shares his story as a pathway to a meaningful and positive law school experience. This book is perfect for the soon-to-be law school student or the current 1L and speaks to the growing number of first-generation law students in America.

A Guide for Minority Law School Candidates serves as a step-by-step tool for the application process and challenges the reader to explore the many avenues a journey towards higher educational attainment will lead to. Securing an acceptance into a competitive law school is a rigorous process – with this manual the reader will have a focused resource to achieve admission into a ranked program. “The most practical insight for law school admission; particularly for minority students!” – Abimbola Obisesan, Esq., Associate at Dykema Gossett PLLC, Michigan State Law ’09 “Not only does “A Guide for Minority Law School Candidates” bring transparency and clarity to the very real and often underestimated challenges confronted by many minority law school candidates, but it also tells the inspiring story of Oliver Rodríguez, who overcame those challenges. I would have been so much more informed if I had this guide when I applied to law school!” – Ebony Wheaton, J.D., Howard Law ’11

An urgent plea for much needed reforms to legal education The period from 2008 to 2018 was a lost decade for American law schools. Employment results were terrible. Applications and enrollment cratered. Revenue dropped precipitously and several law schools closed. Almost all law schools shrank in terms of students, faculty, and staff. A handful of schools even closed. Despite these dismal results, law school tuition outran inflation and student indebtedness exploded, creating a truly toxic brew of higher costs for worse results. The election of Donald Trump in 2016 and the subsequent role of hero-lawyers in the “resistance” has made law school relevant again and applications have increased. However, despite the strong early returns, we still have no idea whether law schools are out of the woods or not. If the Trump Bump is temporary or does not result in steady enrollment increases, more schools will close. But if it does last, we face another danger. We tend to hope that crises bring about a process of creative destruction, where a downturn causes some businesses to fail and other businesses to adapt. And some of the reforms needed at law schools are obvious: tuition fees need to come down, teaching practices need to change, there should be greater regulations on law schools that fail to deliver on employment and bar passage. Ironically, the opposite has happened for law schools: they suffered a harrowing, near-death experience and the survivors look like they’re going to exhale gratefully and then go back to doing exactly what led them into the crisis in the first place. The urgency of this book is to convince law school stakeholders (faculty, students, applicants, graduates, and regulators) not to just return to business as usual if the Trump Bump proves to be permanent. We have come too far, through too much, to just shrug our shoulders and move on.

Law School Exams: A Guide to Better Grades is the complete handbook for students seeking to improve their performance in law school.
