How Words Mean Lexical Concepts, Cognitive Models, and Meaning Construction Vyvyan Evans Abstract. This book is concerned with word meaning, and the role of words in meaning construction. The specific problem addressed concerns how best to account for the inherent variation of word meaning in language use. That is, the books seeks to provide ...

How Words Mean: Lexical Concepts, Cognitive Models, and ...

How Words Mean introduces a new approach to the role of words and other linguistic units in the construction of meaning. It does so by addressing the interaction between non-linguistic concepts and the meanings encoded in language. It develops an account of how words are understood when we produce and hear language in situated contexts of use.

How Words Mean: Lexical Concepts, Cognitive Models, and ...

This chapter provides an overview of the main properties of lexical concepts. It argues that lexical concepts, by virtue of constituting units of semantic structure – the semantic pole of a symbolic unit – are thereby central elements of the language user's mental grammar. The chapter also provides a methodology for identifying distinct lexical concepts and illustrates this with a detailed ...

How Words Mean: Lexical Concepts, Cognitive Models, and ...

Etymology. The word syntax comes from Ancient Greek: σύνταξις "coordination", which consists of σύν syn, "together", and τάξις táxis, "an ordering"... Sequencing of subject, verb, and object. One basic description of a language's syntax is the sequence in which the subject (S), verb (V), and object (O) usually appear in sentences. Over 85% of languages usually place the subject ...

Syntax - Wikipedia

In linguistics, morphology (/ˈmɔːrfəˈlɔːdi/) is the study of words, how they are formed, and their relationship to other words in the same language. It analyzes the structure of words and parts of words, such as stems, root words, prefixes, and suffixes.Morphology also looks at parts of speech, intonation and stress, and the ways context can change a word's pronunciation and ...

Morphology (linguistics) - Wikipedia

Lexical need: People often use technical or idiomatic speech from a foreign or non-primary language; code-switching occurs when translating such words or phrases could distort the precise meaning. Unconscious effort: People may engage in code-switching without thinking about it. This can occur when one is frightened by a specific event or ...
