Models 42, 42D and 242 are equipped with an electronic ignition system. The spark generated by this system has a higher energy and a shorter burning time than the spark generated by a breaker point ignition. Because of this, the spark, across the spark plug electrode, appears to be weaker. 0.5mm (.020 " )

[Husqvarna Chainsaw | 42 | eReplacementParts.com](#)

The 42 and the 242xp have a round opening for the rear bolts down into the fins unlike the 242, these are mounts for the extra long rear bolts on the 42. The 42 inside and out looks closer to the 242xp, than the 242 does other than the open port design on the 42. The intake port on the 242 is more oval and narrow where the xp and the 42 have a larger rectagle shape intake. These are the most ...
