Immigration (1913 edition) | Open Library

Fairchild was the author of a number of books, for example, his Greek Immigration to the United States (1911) and Immigration (1913) were supplemented by Race and Nationality (1947). His General Sociology appeared in 1934, but he is most widely known for the Dictionary of Sociology (1944), of which he was the editor. Of his sixty major articles about one-third were on immigration, one-fourth on population, and others related to the family, social work, and world organization.
