India: The Cookbook is the first comprehensive guide to Indian cooking, with over 1,000 recipes covering every aspect of India's rich and colourful culinary heritage. Unlike many other Indian cookbooks, it is written by an Indian culinary academic and cookbook author who lives and works in Delhi, and the recipes are a true reflection of how traditional dishes are really cooked all over India. They have been carefully edited to ensure that they are simple to follow and achievable in western kitchens, with detailed information about authentic cooking utensils and ingredients. Indian food has been hugely popular in the UK for many years, and the appetite for Indian food shows no sign of diminishing. Now, for the first time, a definitive, wide-ranging and authoritative book on authentic Indian food is available, making it simple to prepare your favourite Indian dishes at home, alongside less well-known dishes such as bataar masalydaar (marinated quails cooked with almonds, chillies and green cardamom), or sambharachi kodi (Goan prawn curry with coconut and tamarind). The comprehensive chapters on breads, pickles, spice pastes and chutneys contain a wide variety of recipes rarely seen in Indian cookbooks, such as bagarkhani roti (a rich sweet bread with raisins, cardamom and poppy seeds) and tamatar ka achar (tomato and mustard-seed pickle). India: The Cookbook is the only book on Indian food you'll ever need.

Contains biographical information about the author's journey as a cooking expert.

This book examines in detail the strategic relevance of the Arthashastra. Attributed to the fourth century B.C., this classical treatise on state and statecraft rests at the intersection of political theory and international relations. Adopting a hermeneutic approach, the book discusses certain homologies related to concepts such as power, order, and morality. Underlining the conceptual value of the Arthashastra and classical texts such as Hitopdesha and Pancatantra, this volume highlights the non-western perspectives related to diplomacy and statecraft. It shows how a comparative analysis of these texts reveals a continuity rather than a change in the styles, tactics, and political strategies. The book also showcases the value these ancient texts can bring to the study of contemporary international relations and political theory. This volume will be of interest to students, scholars and teachers of political studies, Indian political thought, and philosophy, South Asian studies, political theory and international relations.

In the newest Jana Bibi adventure from Betsy Woodman, Jana, Mr. Ganguly, and the gang are back as their small town in India is rocked by an espionage scandal and a homemade remedy that has love on everyone's mind The Jolly Grant House still welcomes all its visitors with the sign Jana Bibi's Excellent Fortunes hanging proudly outside its front door. Jana's fortune-telling has brought a lot of attention to the small town of Hamara Nagar, and now that the dust has settled and the town is safe from the threat of being flooded by a government dam, all eyes are on the Scottish-born card-reader Jana and her feisty, loose-beaked parrot, Mr. Ganguly. Some people, though, are not to be trusted, and Mr. Ganguly finds himself the target of a potential kidnapping that puts Jana and her household on edge. Meanwhile, love is in the air and, thanks to Abenath's Apothecary, it's also in a bottle. Abenath has created an intoxicating brew that he calls Love Potion Number 10, which seems to have Jana in a tizzy. While she explores her newest hobby, dream interpretation, her head is swimming with questions: Is a new love possible at age fifty-nine? If so, would she ever marry again? All around her she sees different kinds of love and connection—family, arranged marriages, chemical attractions, even intercontinental romance between people who have only met through letters—so when an old flame arrives and rekindles long-gone feelings, Jana begins to think that Love Potion Number 10 just might be the magic elixir its inventor thinks it is.
