Securitization in

international relations

is the process of state

actors transforming

subjects into matters

of "security": an

extreme version of

politicization that

Download

Ebook

enables extraordinary means to be used in the name of security. Issues that become securitized do not necessarily represent issues that are essential to the objective survival of a state, but rather represent issues where someone was successful in constructing an issue

Download

Ebook

into an existential  
problem.

Securitization  
theorists assert that

Securitization  
(international  
relations) — Wikipedia

In practice, primary  
responsibility for  
providing  
international security  
has come to rest on  
those states we refer

Download

Ebook

to as great powers.

Their role will be assessed in terms of the balance of power and the concert of great powers.
