This is a list of countries by irrigated land area based on The World Factbook of the Central Intelligence Agency as of 2012. The two countries with the largest irrigated land area are China and India, which make up 21.3% and 20.6% of worldwide irrigated land area respectively.

List of countries by irrigated land area – Wikipedia

Asia is the strategic centre of an Australian world view but Australia's horizons necessarily stretch much further. The Asian growth story does not mean that the world's future belongs to Asia. This century may not belong to any one country or region. By 2020, Asia will still only represent about a third of global GDP.

Early testing of a potential COVID-19 vaccine developed by an Australian university and CSL Ltd has shown it to be safe and produce an antibody response, Minister for Health Greg Hunt said on Friday. Pharmaceutical companies are racing to develop effective treatments for the disease amid a surge in COVID-19 cases that has killed over a million people and battered the world's economy.
