mental health issues – both during childhood and in later life. These include anxiety, depression, eating disorders and post-traumatic stress disorder (PTSD) (Norman et al, 2012; Spatz Widom, 1999).

Child mental health: recognising and responding to issues ...

Children’s development and mental health are affected by various factors, including the environments they are raised in, the relationships they build and the experiences they have. Child development refers to the physical, cognitive, emotional and social growth that occurs throughout a child and young person’s life.

Child health and development | NSPCC Learning

Many children, unfortunately, have long-term conditions – diabetes, epilepsy and asthma – and complex health issues, like neurodisability, which continue into adulthood. We know that half of all lifetime mental health illness can be diagnosed at the age of 14 so early intervention will alter the life chances of these young people.

NHS England » A new dawn for children’s health and wellbeing

Birthweights in the most deprived areas are on average 200g lower than in the richest, and children in disadvantaged families are more likely to die suddenly in infancy, to suffer acute infections, and to experience mental ill-health. Last year CPAG and the RCPCH surveyed paediatricians about the impacts of poverty.

Children's health - NHS

For children and adolescents in emergency and humanitarian settings, health risks escalate. Life-saving health services are often unavailable or inaccessible, making newborns, children, adolescents and mothers particularly vulnerable to harm. In the coming decades, demographic changes threaten to strain global health systems.

Health | UNICEF

Mental health is a public health priority that requires actions and investment to promote wellbeing in children and young people. Three quarters of life-long mental health problems in the UK start before the age of 25 and today's children and young people are considered to have worse mental health outcomes compared to previous generations.
