Jaws was made well before CGI came about, and I couldn't be happier about that. It feels so nice not to be clobbered with it. For me, the movie's two hours just fly by. None of it drags. It jumps in with both feet at the very beginning and doesn't let up until the credits roll. I think Jaws is a masterpiece, and I never get tired of watching it.

ESTERO, Fla (NewsNation Now) - A Florida man recently jumped into the water to rescue his puppy from the jaws of an alligator. Richard Wilbanks of Estero said he was enjoying a beautiful fall day outside with his dog, Gunner, when all of a sudden he heard a cry for help from the puppy.

This level 2, elementary Penguin Reader contains 500 words and tells the story of Amity, a quiet town near New York, that gets terrorized by a great white shark. Policeman Brody is a good policeman and tries to close the beaches, but people won't listen to him.

There's a silent epidemic in western civilization, and it is right under our noses. Our jaws are getting smaller and our teeth crooked and crowded, creating not only aesthetic challenges but also difficulties with breathing. Modern orthodontics has persuaded us that braces and oral devices can correct these problems. While teeth can certainly be straightened, what about the underlying causes of this rapid shift in oral evolution and the health risks posed by obstructed airways? Sandra Kahn and Paul R. Ehrlich, a pioneering orthodontist and a world-renowned evolutionist, respectively, present the biological, dietary, and cultural changes that have driven us toward this major health challenge. They propose simple adjustments that can alleviate this developing crisis, as well as a major alternative to orthodontics that promises more significant long-term relief. Jaws will change your life. Every parent should read this book.

"Relentless terror." The Philadelphia Inquirer. The classic, blockbuster thriller of man-eating terror that inspired the Steven Spielberg movie and made millions of beachgoers afraid to go into the water. Experience the thrill of helpless horror again -- or for the first time! From the Paperback edition.

Winner of three Oscars and the highest-grossing film of its time, Jaws was a phenomenon, and this is the only book on how twenty-six-year-old Steven Spielberg transformed Peter Benchley's number-one bestselling novel into the classic film it became. Hired by Spielberg as a screenwriter to work with him on the set while the movie was being made, Carl Gottlieb, an actor and writer, was there throughout the production that starred Roy Scheider, Robert Shaw, and Richard Dreyfuss. After filming was over, with Spielberg's cooperation, Gottlieb chronicled the extraordinary yearlong adventure in The Jaws Log, which was first published in 1975 and has sold more than two million copies. This expanded edition includes a photo section, an introduction by Benchley, and an afterword by Gottlieb that gives updates about the people and events involved in the film, ultimately providing a singular portrait of a famous movie and inspired moviemaking.

The liveliest and best account yet of Spielberg's greatest masterpiece.

Elfin sharks make toys, horn sharks trim the Christmas kelp, and cookiecutter sharks make sure Santa doesn't go hungry. Get ready for a ride on Santa's sled (pulled, of course, by hammerheads) in this joyful holiday tale!

It was nearly 50 years ago now that Jaws swam into cinemas and shocked theater goers. In its wake it left numerous sequels and rip-offs like Orca, Jaws 2, Piranha, The Last Shark, Jaws 3-D, Monster Shark, and Jaws: The Revenge to name only a handful. But you knew about those already, didn't you? But what about the sequels and rip-offs that never surfaced to terrify audiences... movies like Bert I. Gordon's Devil Fish, Dino De Laurentiis's Orca Part II, and John Sayles' Sea Dragon of Loch Ness, ever hear about those? What about the spoof Jaws 3, People 0, that eventually became Jaws 3-D? Did you know Jaws 2 began shooting with a different cast, director, and a darker version of the script before it was retooled by studio executives? And lastly, were there ever any real plans for a Jaws 5? From the author of Kong Unmade: The Lost Films of Skull Island take a deep dive into the murky history of the Jaws sequels, prequels, remakes, and rip-offs that never saw the light of day in Jaws Unmade!

When three people are killed by a great white shark in three different incidents, the police chief of a Long Island resort town is forced to take action.

After 45 years, Steven Spielberg's Jaws remains the definitive summer blockbuster, a cultural phenomenon with a fierce and dedicated fan base. The Jaws Book: New Perspectives on the Classic Summer Blockbuster is an exciting illustrated collection of new critical essays that offers the first detailed and comprehensive overview of the film's significant place in cinema history. Bringing together established and young scholars, the book includes contributions from leading international writers on popular cinema including Murray Pomerance, Peter Krämer, Sheldon Hall, Nigel Morris and Linda Ruth Williams, and covers such diverse topics as the film's release, reception and canonicity; its representation of masculinity and children; the use of landscape and the ocean; its status as a western; sequels and fan-edits; and its galvanizing impact on the horror film, action movie and contemporary Hollywood itself.

The filming of the blockbuster film Jaws is regarded as a landmark event in both the history of motion pictures and the quaint New England island of Martha's Vineyard, where the geographic isolation necessitated the hiring of hundreds of locals to work as actors and laborers. Among this virtual army of hometown participants were numerous professional and amateur photographers, each with full access to the production's inner workings--for the first time ever this compiles their behind-the-scenes photographs and stories into a treasure trove of Jaws rarities. Included are a foreword by director

Steven Spielberg, interviews with production designer Joe Alves, screenwriter Carl Gottlieb, location casting director Shari Rhodes, and more, providing an unprecedented all-access pass to the creation of some of the most memorable and terrifying scenes in film history. This unique compendium is the first to focus on the production's local participants, telling their stories at last.
