A collection of recipes and anecdotes, inspired by the world famous restaurant Joanne Trattoria, owned by Joe Germanotta, father of Lady Gaga. Family, food, and love are the foundation upon which Joe and Cynthia Germanotta raised their daughters. Built on those same principles, the Germanottas family-run restaurant is world-renowned for its vibrant hospitality, delicious Southern Italian fare, and warm familial atmosphere. Named in honor of Joe's sister who died of Lupus three months shy of her 20th birthday, Joanne Trattoria is more than a neighborhood restaurant; it is a mecca for Lady Gaga fans, a frequent gathering place for celebrities and notable New Yorkers, and a home to its faithful regulars and devoted staff. In his debut cookbook, Joe shares a mix of time-tested family recipes and house favorites--such as Joanne's Meatballs, Papa G's Chicken Scarpariello, and the unforgettable Nutellasagna--and for the first time recounts his inspirational story of fulfilling his lifelong dream of opening his own restaurant. With never-before released family photos, heartwarming testimonials and entertaining anecdotes from the extended Joanne family, as well as a moving foreword by the Germanottas' older daughter, Golden Globe®- and six-time Grammy®-winning, Academy Award-nominated global icon Lady Gaga, Joanne Trattoria Cookbook: Classic Recipes and Scenes from an Italian-American Restaurant will delight both fans and foodies alike.

Clouds are the spark plugs in the heat engine of the tropical atmosphere, and heat from the tropics drives the planet's general circulation. Atmospheric scientists didn't know this in the 1950s, but Joanne Simpson, the first American woman to earn a Ph.D. in meteorology, did. Most histories of meteorology focus on polar and temperate regions and the accomplishments of male scientists. They marginalize or erase completely the contributions of female researchers. Joanne's work on the tropical atmosphere did not fit this pattern. Joanne had a lifelong passion for clouds and severe storms. She flew into and above them, photographed them, modeled them, attempted to modify them, and studied them from all angles. She held two university professorships, married three times, had two lovers (one secret), mentored a generation of meteorologists, and blazed a trail for other women to follow. This book is about Joanne's personal and professional life, her career prospects as a woman in science, and her relationship to the tropical atmosphere. These multifaceted and interacting textual streams constitute a braided narrative and form a complex dynamic system that displays surprising emergent properties. Is Joanne Simpson best remembered as a pioneer woman scientist or the best tropical scientist of her generation? She was both, with the emphasis on best scientist.

The Old Woman is a beautiful portrait of an old woman who lives contentedly with her dog, from award-winning author Joanne Schwartz and illustrator Nahid Kazemi. An old woman shares her home with a scruffy old dog, her best friend and constant companion. One fall day, they go for a walk and the woman throws sticks for the dog. She loves hearing the autumn leaves under her feet and the wind in the trees. She looks up at a crow in the sky and imagines what it might feel like to fly. As the wind comes up and the light begins to fade, she remembers playing outside as a child, never wanting to go in. Suddenly she notices a stunning harvest moon against the darkening sky. The next morning, as she sits outside to watch the sun rise, she looks forward to spending a new day with her friend. Gentle illustrations accompany this portrayal of an elderly person who lives peaceably with her dog, appreciating what each moment brings. Secret Warrior is a compelling memoir following Joanne McCallie's mental health journey through the realities and challenges within the sports world. Using the recurring theme of "faith over fear" to reduce the stigma associated with impaired mental health and encourage those suffering from mental health issues to reach out-to coaches, student-athletes, and to all people across the world-Joanne offers real direction, experiences, and personal stories to teach and reassure those adversely affected by the dynamics of the mind and body experience. Motivational and heartfelt, Secret Warrior drives home the need for more education, stories, action, and an overall change to the narrative about brain health.
