Even though migration from Latin America has decreased in recent years, the non-Hispanic and non-African Americans will become a 'minority majority' in the US by the middle of this century. Trump stoked voters' fear on this issue by accusing Mexicans of being criminals and launching a culture of war against immigrants and the 60.6 million Latinos living in the United States.

But America's imperial identity was actually shaped much closer to home. In a brilliant excavation of long-obscured history, *Empire's Workshop* shows how Latin America has functioned as a proving ground for American strategies and tactics overseas. Historian Greg Grandin follows the United States' imperial operations from Jefferson's aspirations for an empire of liberty in Cuba and Spanish Florida to Reagan's support for brutally oppressive but U.S.-friendly regimes in Central America.

Read Book Latin America And The United States A Documentary History

Latin America is a term attributed to the region that covers all countries in the Americas that speak a romantic language or a language derived from Latin such as French, Spanish or Portuguese. The term became widely used due to Napoleon the 3rd, in the late 1800s, to justify his engrossment in Mexican politics. The term itself however can be ...
