Make Sociology new with McGraw-Hill's Connect Sociology and the 2nd edition of Sociology in Modules. New to Connect is Investigate Sociology, a brand-new tool that develops students' sociological imaginations by placing them in provocative scenarios where they must analyze various sources and determine a solution. Connect also comes with LearnSmart, an adaptive questioning tool proven to increase content comprehension and student results, as well as fun interactivities like In their Shoes and Applying the Perspectives that teach sociology's three theoretical frameworks. Finally, make sure students come prepared to class by assigning our many e-book activities. With McGraw-Hill's digital tools, focus on what you do best—teaching. Unique to this program, Sociology in Modules 2e has the most flexible content on the market. Instead of losing students in chapters that are long, unspecific, or out of order, customize your text and assignments with our modular approach, which breaks chapters into more manageable, topic-focused sections. Sociology in Modules' flexible content coupled with powerful digital learning tools makes this an ideal choice for your introductory course.

David Spiceland, Wayne Thomas and Don Herrmann have developed a unique text based on over 50 collective years of experience in the classroom. They've brought together best practices like highlighting Common Mistakes, offering frequent Let's Review exercises, integrating the course with a running Continuing Problem, demonstrating the relevance of the course to non-majors with a Career Corner, and communicating it all in a student-friendly Conversational Writing Style. The new 2nd edition of Financial Accounting, Spiceland, Thomas, Herrmann, has been developed with feedback from over 330 reviewers and focus group participants from across the country. The following list of changes and improvements is a testament to the many hours that reviewers spent analyzing the 1st edition, helping make Financial Accounting, 2nd edition, the best book of its kind.
