"I am greatly relieved that the universe is finally explainable. I was beginning to think it was me."--Woody Allen Here, in his first collection since his three hilarious classics Getting Even, Without Feathers, and Side Effects, Woody Allen has managed to write a book that not only answers the most profound questions of human existence but is the perfect size to place under any short table leg to prevent wobbling. "I awoke Friday, and because the universe is expanding it took me longer than usual to find my robe," he explains in a piece on physics called "Strung Out." In other flights of inspirational sanity we are introduced to a cast of characters only Allen could imagine: Jasper Nutmeat, Flanders Mealworm, and the independent film mogul E. Coli Biggs, just to name a few. Whether he is writing about art, sex, food, or crime ("Pugh has been a policeman as far back as he can remember. His father was a notorious bank robber, and the only way Pugh could get to spend time with him was to apprehend him") he is explosively funny. In "This Nib for Hire," a Hollywood bigwig comes across an author's book in a little country store and describes it in a way that aptly captures this magnificent volume: "Actually," the producer says, "I'd never seen a book remaindered in the kindling section before."

Samuel Taylor Coleridge (1772-1834) was an English poet, literary critic and philosopher who, with his friend William Wordsworth, was a founder of the Romantic Movement in England and a member of the Lake Poets. He wrote the poems The Rime of the Ancient Mariner and Kubla Khan, as well as the major prose work Biographia Literaria. His critical work, especially on Shakespeare, was highly influential, and he helped introduce German idealist philosophy to English-speaking culture. He coined many familiar words and phrases, including suspension of disbelief. He was a major influence on Emerson, and American transcendentalism. Coleridge is one of the most important figures in English poetry. His poems directly and deeply influenced all the major poets of the age. He was known by his contemporaries as a meticulous craftsman who was more rigorous in his careful reworking of his poems than any other poet, and Southey and Wordsworth were dependent on his professional advice.

This eBook has been formatted to the highest digital standards and adjusted for readability on all devices. The Elementary Forms of Religious Life analyses religion as a social phenomenon. Durkheim attributes the development of religion to the emotional security attained through communal living. His study of totemic societies in Australia led to a conclusion that the animal or plant that each clan worshipped as a sacred power was in fact that society itself. According to Durkheim, early humans associated such feelings not only with one another, but as well with objects in their environment. This, Durkheim believed, led to the ascription of human sentiments and superhuman powers to these objects, in turn leading to totemism.

Three delightful one-act plays set in and around New York, in which sophisticated characters confound one another in ways only Woody Allen could imagine Woody Allen's first dramatic writing published in years, "Riverside Drive," "Old Saybrook," and "Central Park West" are humorous, insightful, and unusually readable plays about infidelity. The characters, archetypal New Yorkers all, start out talking innocently enough, but soon the most unexpected things arise—and the reader enjoys every minute of it (though not all the characters do). These plays (successfully produced on the New York stage and in regional theaters on the East Coast) dramatize Allen's continuing preoccupation with people who rationalize their actions, hide what they're doing, and inevitably slip into sexual deception—all of it revealed in Allen's quintessentially pell-mell dialogue.

This eBook edition of "Germinal" has been formatted to the highest digital standards and adjusted for readability on all devices. Germinal is an uncompromisingly harsh and realistic story of a coalminers' strike in northern France in the 1860s. Étienne, young migrant worker, arrives at the forbidding coal mining town of Montsou in the bleak area of the far north of France to earn a living as a miner. Sacked from his previous job on the railways for assaulting a superior, Étienne befriends the veteran miner Maheu, who finds him somewhere to stay and gets him a job pushing the carts down the pit. The complex tangle of the miners' lives is played out against a backdrop of severe poverty and oppression, as their working and living conditions continue to worsen. Eventually, pushed to breaking point, the miners decide to strike and Étienne, now a respected member of the community and recognized as a political idealist, becomes the leader of the movement.

The Storm relates the events of a week-long storm that hit London starting on 24 November and reaching its height on the night of 26/27 November 1703. It is known as the Great Storm of 1703, and it was described by Defoe as "The Greatest, the Longest in Duration, the widest in Extent, of all the Tempests and Storms that History gives any Account of since the Beginning of Time." During the work on this piece Defoe used other peoples personal accounts of the storm submitted to him through newspaper add. Defoe also shared his view on the reasons of the great disaster, claiming that the destruction of the sovereign fleet, in which about one-fifth of the navy was lost, was a punishment for their poor performance against the Catholic armies of France and Spain during the first year of the War of the Spanish Succession. The Storm is a pioneering work of journalism and science reporting. It has been called the first substantial work of modern journalism, and it is the first detailed account of a hurricane in Britain. Daniel Defoe (1660-1731), was an English trader, writer, journalist, pamphleteer, and spy, most famous for his novel Robinson Crusoe. Defoe is noted for being one of the earliest proponents of the novel, as he helped to popularize the form in Britain with others such as Samuel Richardson, and is among the founders of the English novel. He was a prolific and versatile writer, producing more than five hundred books, pamphlets, and journals on various topics, including politics, crime, religion, marriage, psychology, and the supernatural.

This book is an introduction to public speaking by the master of the art, Dale Carnegie. It contains a wealth of information on the voice, delivery, distinctness and much more. This is a fascinating work and is thoroughly recommended for anyone interested in the skills of public speaking. Dale Breckenridge Carnegie was an American writer, lecturer, and the developer of famous courses in self-improvement, salesmanship, corporate training, public speaking, and interpersonal skills. Born into poverty on a farm in Missouri, he was the author of How to Win Friends and Influence People (1936), a massive bestseller that remains popular today. He also wrote How to Stop Worrying and Start Living (1948), Lincoln the Unknown (1932), and several other books. One of the core ideas in his books is that it is possible to change other peoples' behavior by changing one's behavior toward them.
