This second edition of Song Sheets to Software includes completely revised and updated listings of music software, instructional media, and music-related Internet Web sites of use to all musicians, whether hobbyist or professional. This book is a particularly valuable resource for the private studio and classroom music teacher.

Book 4 includes the use of triad inversions in sight-reading exercises, clapping exercises notated as melodies, key signatures of up to four sharps and flats, and 6/8 meter.

This companion to the popular book "Theory for the Contemporary Guitarist" starts with the basics of pitch discrimination and leads you to making fine distinctions between interval types, chord types, scales and chord progressions. Everything is organized in a handy workbook format with correct answers provided for all exercises. Examples are shown in standard music notation and TAB. A CD demonstrating all the examples played on guitar is included.

Comprehensive Aural Skills is a complete suite of material for both performance and dictation, covering the wide range of sight singing and ear training skills required for undergraduate courses of study. It provides a series of instructional modules on rhythm, melody, and harmony, and blends musical examples from the common-practice repertory with original examples composed to specifically address particular skills and concepts. Each module includes material for classroom performance, self-directed study, and homework assignments. Features A complete suite of aural skills material: Comprehensive Aural Skills is a combined sight singing and ear training textbook, audio, and companion website package. Fully modular, customizable organization: Instructors can choose freely from the set of exercises in the book and supplemental material on the companion website to appropriately tailor the curriculum based on their students' needs. Engaging and idiomatic musical examples: Examples are selected and composed specifically for the didactic context of an aural skills classroom. Dictation exercises for practice and assignment: Practice exercises include an answer key so students can work independently and receive immediate feedback, while homework assignments are given without a key. Audio examples for dictation: The website hosts live recordings of acoustic instruments performed by professional musicians for each dictation exercise and homework assignment. Supplemental Materials for Instructors: A wealth of material for class use and assignment can be found on the companion website. Teachers Guide: The guide includes answers for every homework assignment, brief commentary on each module's content, tips for integrating written theory, and strategies on how to effectively teach new concepts and skills. The companion website for Comprehensive Aural Skills includes a wealth of additional examples in all areas of aural skills and at every level of difficulty represented in the text. Students have access to additional dictation examples with recordings and answer keys, allowing them to directly reinforce their classroom experience and practice dictation on their own time.

In today's digital age, learning and creating music has never been so easy and affordable. Anyone can enhance their musical knowledge, skills, and creativity with the multitude of music apps available. However, sifting through thousands of music apps in the Apple App Store and Google Play can be a daunting task for any musician or music instructor. But not anymore! Having spent countless hours researching the most interesting useful, educational, fun, and easy-to-use music apps, Elizabeth C. Axford in Music Apps for Musicians and Music Teachers surveys the landscape of music-related apps for both iOS and Android mobile devices, including tablets and smartphones. Music Apps for Musicians and Music Teachers lists hundreds of music-related apps organized by category, including singing, musical instruments, music theory and composition, songwriting, improvisation, recording, evaluating music performances, listening to music, music history and literature, music appreciation, and more. App developers are listed with each app, including links to their websites for updates and support. The book sections and chapters align with the newly revised National Standards for Music Education released in 2014 by the National Association for Music Education. Suggested activities for educators are provided, as well as key terms and a bibliography. Music Apps for Musicians and Music Teachers is for anyone interested in music, whether hobbyist or professional. It enhances the ability to learn on the go by offering musicians, music students, and music instructors a list of the most useful music apps available.
