Organizing Control August Thyssen And

This volume is a seminal work in the history of the Thyssen corporation as well as in German business history more generally... Organizing Control is an ambitious study of one of the most influential companies in German history. This work excels, above all, in its persuasive challenge of historiographical approaches that have dominated business history, and as such, it warrants serious attention by scholars of business history.-- (10/09/2006)

Germany's Pioneering Corporate Managers - Harvard Business ...

*From Memory to Mastery* explores the development of commercial numeracy and accounting in America and the English-speaking Atlantic world between 1750 and 1880. Most histories of accounting begin in the factories of England and New England, largely ignoring slave economies. I analyze both traditional sites of innovation, including textile mills and iron forges, and also southern and West Indian ...
