La peste es una novela del escritor francés Albert Camus (1913-1960). Publicada en el 10 de junio de 1947, cuenta la historia de unos doctores que descubren el sentido de la solidaridad en su labor humanitaria en la ciudad argelina de Orán, mientras esta es azotada por una epidemia de peste.

Read Book Peste La Albert Camus

A haunting tale of human resilience in the face of unrelieved horror, Camus' novel about a bubonic plague ravaging the people of a North African coastal town is a classic of twentieth-century literature.

« La Peste » est un roman d'Albert Camus publié en 1947 qui permit en partie à son auteur de remporter le prix Nobel en 1957. Il appartient au cycle de la révolte qui rassemble trois œuvres de Camus: La Peste, L'Homme révolté et Les Justes. L'histoire se déroule dans les années 1940. Elle a pour théâtre Oran durant la période de l'Algérie française. Le roman raconte sous forme de chronique la vie quotidienne des habitants pendant une épidémie de peste qui frappe la ville et la coupe du monde extérieur. Camus semble s'être documenté sur une petite épidémie de peste bubonique, survenue à Oran en 1945, succédant à une épidémie plus sérieuse qui avait eu lieu à Alger en 1944, mais son projet est antérieur à l'apparition de ces épidémies, puisqu'il y travaille depuis 1942 (comme en témoignent ses « Carnets »).

Albert Camus is one of the iconic figures of twentieth-century French literature, one of France's most widely read modern literary authors and one of the youngest winners of the Nobel Prize for Literature. As the author of *L'Étranger* and the architect of the notion of 'the Absurd' in the 1940s, he shot to prominence in France and beyond. His work nevertheless attracted hostility as well as acclaim and he was increasingly drawn into bitter political controversies, especially the issue of France's place and role in the country of his birth, Algeria. Most recently, postcolonial studies have identified in his writings a set of preoccupations ripe for revisitation. Situating Camus in his cultural and historical context, this 2007 Companion explores his best-selling novels, his ambiguous engagement with philosophy, his theatre, his increasingly high-profile work as a journalist and his reflection on ethical and political questions that continue to concern readers today.

In 1960 a mysterious car crash killed Albert Camus and his publisher Michel Gallimard, who was behind the wheel. Based on meticulous research, Giovanni Catelli builds a compelling case that the 46-year-old French Algerian Nobel laureate was the victim of premeditated murder: he was silenced by the KGB. The Russians had a motive: Camus had campaigned tirelessly against the Soviet crushing of the 1956 Hungarian Revolution, and vociferously supported the awarding of the Nobel Prize to the dissident novelist Boris Pasternak, which enraged Moscow. Sixty years after Camus' death, Catelli takes us back to a murky period in the Cold War. He probes the relationship between Camus and Pasternak, the fraught publication of *Doctor Zhivago*, the penetration of France by Soviet spies, and the high price paid by those throughout Europe who resisted the USSR.

The Count of Monte Cristo (French: *Le Comte de Monte-Cristo*) is an adventure

Read Book Peste La Albert Camus

novel by French author Alexandre Dumas completed in 1844. It is one of the author's most popular works, along with *The Three Musketeers*. Like many of his novels, it is expanded from plot outlines suggested by his collaborating ghostwriter Auguste Maquet. The story takes place in France, Italy, and islands in the Mediterranean during the historical events of 1815-1839: the era of the Bourbon Restoration through the reign of Louis-Philippe of France. It begins just before the Hundred Days period (when Napoleon returned to power after his exile). The historical setting is a fundamental element of the book, an adventure story primarily concerned with themes of hope, justice, vengeance, mercy, and forgiveness. It centres around a man who is wrongfully imprisoned, escapes from jail, acquires a fortune, and sets about getting revenge on those responsible for his imprisonment. However, his plans have devastating consequences for the innocent as well as the guilty. In addition, it is a story that involves romance, loyalty, betrayal, and selfishness, shown throughout the story as characters slowly reveal their true inner nature. The book is considered a literary classic today. According to Luc Sante, "The Count of Monte Cristo has become a fixture of Western civilization's literature, as inescapable and immediately identifiable as Mickey Mouse, Noah's flood, and the story of Little Red Riding Hood.
