Pesticides, a Love Story: America's Enduring Embrace of ...
Pesticides, a love story. By Lisa Baldi. November 17, 2015.
We just can't seem to quit bug-killing chemicals. Michelle
Mart, an historian at Penn State Berks, investigates why
Americans cling to their love of pesticides despite warnings,
rising costs, and declining effectiveness in her recently
published book, Pesticides, A Love Story: America's Enduring
Embrace of Dangerous Chemicals (University Press of
Kansas, 2015).

Pesticides, a love story | Penn State University

Though the publication of Rachel Carson's Silent Spring and
the rise of environmentalism might have marked a turning
point in Americans' faith in pesticides, statistics tell a different
story. Pesticides, a Love Story recounts the campaign against
DDT that famously ensued; but the book also shows where
our notions of Silent Spring's revolutionary impact
faltered—where, in spite of a ban on DDT, farm use of pesticides
in the United States more than doubled in the thirty years
after the ...

Maintaining Magoo's eligibility for the 2021 Thoroughbred Makeover through the fall is turning out to be a little harder than I had expected - we cannot go over 15 retraining rides prior to Dec. 1. With him feeling his best again, he continually reminds me how trainable he is, and I am getting extremely excited to get him started on the path to his second career.
