Pharmacology is the study of different drugs, their mechanism of action, effects and side effects. Therefore it is indeed one of the most important subject for medical

Access Free Pharmacology For Nurses Workbook A

students. Because without a good knowledge of drugs, you cannot treat diseases and your knowledge of medicine is of no use.

Pharmacology for nurses : A. Dreyer :
9781775959939

I have used this book a lot because I like it
better for writing care-plans than the
Davis's Drug Guide for Nurses because it

Access Free Pharmacology For Nurses Workbook A

gives more in-depth therapeutic function of the medication & it gives better teaching plans. The Davis book I bring to my clinical rotation to look up meds. before I administer them.
