There are many publications on PRINCE2. Most of these publications describe the theory of PRINCE2. This book however deals with a practical approach for formal reports: how it can be achieved that PRINCE2 works better in practice? The existing PRINCE2 report templates cannot be used easily. Of course the process approach in PRINCE2 remains viable, but in this book the PRINCE2 documents are the key. The reader gets a practical help for implementing PRINCE2. This helps project managers and project executives to manage and control in an efficient manner.

PRINCE2 is firmly established as the world's most practiced method for project management and is globally recognized for delivering successful projects. The updated 2017 guidance, its first since 2009, places a strong emphasis on the scalability and flexibility of the method and on how best to tailor it to the complexity and specific requirements of a project. The best practice represented by the PRINCE2 method is supported by a scheme that offers three levels of certification: Foundation, Practitioner and Professional. The PRINCE2 method comprises of seven themes, principles, and processes and equips practitioners with the skills and knowledge to manage projects in a wide range of environments.
