To deliver value from a contract and manage performance and contract-change well, control is crucial. We recommend two approaches. Firstly, monitoring an agreed simple set of KPIs – set at a challenging level and driving the right behaviours – will demonstrate when a contract isn't performing and enable early discussions with the supplier as to the reasons for underperformance and where responsibility lies.

*Successful contract management: the fundamental principles---*

The IACCM Contracting Principles (the "Principles") provide a set of guidelines to support and streamline the drafting and negotiation of contract clauses. They offer contracting parties the ability to take fair and balanced positions from the outset of negotiations on a variety of terms that frequently absorb significant time and resource in arriving at those general outcomes.

*Contracting Principles – IACCM*

Choose the offer that will result in the best value for the buyer. Agree on objectives, requirements, plans and specifications. Negotiate favorable terms and make revisions to the contract. Apply rules of contract interpretation in project disputes. Administer contracts appropriately, and know when and

**CONTRACT MANAGEMENT PRINCIPLES AND PRACTICES**

Contract Management. The CIPS Contract Management guide is intended to cover all those activities associated with contract management. The activities themselves are divided into two distinct but interdependent phases, upstream and downstream of the award of the contract. The principles in this guide could be applied to all contracts, from a simple order, through framework contracts, to complex construction or service contracts.

Subcontract procurement. The classic 19th-century definition of a contract is 'a promise or set of promises which the law will enforce' (ref. Pollock, Principles of Contract 13th edition). That is, there is reciprocity of undertaking passing between the promisor and the promisee. In the construction industry, the main contract is typically the tier 1 contract between the client and the main contractor .
