Since the laptop works when connected to an external monitor, this means the source of the problem is the LCD itself or the flat ribbon cable connecting to

File Type PDF Repair Of New Lcd

the screen, if not both. You can bring the laptop to a repair center to diagnose the problem directly or you can purchase a new screen from us and hope this resolves the problem.

any repair is test the NEW
2DS XL to confirm the fault.
There is no way to repair
the screen other than
replacing it. We then have
to completely strip the
console down so we can fit
and seal a new screen and
