The Rule 32 Handbook is a vital tool to assist attorneys and pro per defendants in post-conviction relief cases in Arizona. The Rule 32 Handbook provides self-represented criminal defendants with specific, intricate details on how to prepare, draft and file notices, motions and petitions using strategies taught in law schools and utilized by practicing attorneys. The Handbook provides you with 30 Critical Tips that will navigate you around common crucial mistakes made by other inmates and attorneys. You receive over 150 case law synopses relating to 27 specific areas of Arizona's post-conviction relief law, NOT random federal law having little-to-nothing to do with your case like other journals/manuals.

#1 NEW YORK TIMES BESTSELLER • NOW A MAJOR MOTION PICTURE STARRING MICHAEL B. JORDAN AND JAMIE FOXX • A powerful true story about the potential for mercy to redeem us, and a clarion call to fix our broken system of justice—from one of the most brilliant and influential lawyers of our time. “[Bryan Stevenson’s] dedication to fighting for justice and equality has inspired me and many others and made a lasting impact on our country.”—John Legend NAMED ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE BY CNN • Named One of the Best Books of the Year by The New York Times • The Washington Post • The Boston Globe • The Seattle Times • Esquire • Time Bryan Stevenson was a young lawyer when he founded the Equal Justice Initiative, a legal practice dedicated to defending those most desperate and in need: the poor, the wrongly condemned, and women and children trapped in the farthest reaches of our criminal justice system. One of his first cases was that of Walter McMillian, a young man who was sentenced to die for a notorious murder he insisted he didn’t commit. The case drew Bryan into a tangle of conspiracy, political machination, and legal brinkmanship—and transformed his understanding of mercy and justice forever. Just Mercy is at once an unforgettable account of an idealistic, gifted young lawyer’s coming of age, a moving window into the lives of those he has defended, and an inspiring argument for compassion in the pursuit of true justice. Winner of the Carnegie Medal for Excellence in Nonfiction • Winner of the NAACP Image Award for Nonfiction • Winner of a Books for a Better Life Award • Finalist for the Los Angeles Times Book Prize • Finalist for the Kirkus Reviews Prize • An American Library Association Notable Book “Every bit as moving as To Kill a Mockingbird, and in some ways more so . . . a searing indictment of American criminal justice and a stirring testament to the salvation that fighting for the vulnerable sometimes yields.”—David Cole, The New York Review of Books “Searing, moving . . . Bryan Stevenson may, indeed, be America’s Mandela.”—Nicholas Kristof, The New York Times “You don’t have to read too long to start cheering for this man. . . . The message of this book . . . is that evil can be overcome, a difference can be made. Just Mercy will make you upset and it will make you hopeful.”—Ted Conover, The New York Times Book Review “Inspiring . . . a work of style, substance and clarity . . . Stevenson is not only a great lawyer, he’s also a gifted writer and storyteller.”—The Washington Post “As deeply moving, poignant and powerful a book as has been, and maybe ever can be, written about the death penalty.”—The Financial Times “Brilliant.”—The Philadelphia Inquirer

This book is written in layman's terms. It will provide you with the understanding that the courts don't want you to have. This book is not only an informative research guide it is also a plain terms resource manual. With this book, you will be armed with a unique understanding of the Habeas Corpus process used by both state and federal prisoners who seek relief in the United States district courts. This book is written to guide the layman through a complicated web of court rules and statutes that have, throughout the years, been passed and utilized by Bar members to deny relief to even the innocent. This book provides form letters, sample motions, and memorandum briefs with full instructions that will likely be needed by every prisoner who seeks justice. This book will assist state and federal prisoners with obtaining documents and an understanding of how to effectively structure Pro Se pleadings. It will teach you how to study a criminal case and evaluate sound constitutional claims. If you or a loved one is or has been a victim of the American criminal justice system, it's safe to assume that you have looked for guidance in one form or another. It's also safe to say that there exists no single, all encompassing, source that will offer relief in every case. What's needed in every case lies within you and the law, that's the desire to do justice. This book is different from all others for two reasons: One, it gives you, in simple terms, an understanding of a right that the United States Constitution guarantees to all people, the right to justice. Two, it provides you resources successfully used by prisoners and is written from the perspective of an American citizen who has been victimized by an overzealous court. This book provides the experience of an actual habeas corpus petitioner filing in Pro Se, in necessity, rather than the hypothetical theory of a law clerk working for the weekend.

This is the fourth book of the series. This book is written in layman's terms. It will provide you with the understanding that the courts don't want you to have. This book is not only an informative research guide it is also a plain terms resource manual. It's written with the same perspective as my first three. Its purpose is to give you sound ideas with which you can identify winning claims for habeas corpus relief. When studying your own criminal case or that of another, the task becomes much easier when you can compare the facts of your case to cases that have prevailed in the past. This book is a continuation of a long overdue effort, to make sense of the habeas corpus process in layman's terms. In this installment, to the series, you'll learn how to express yourself in the court intelligently. By using the information and case details provided you'll be able to find and/or refine your very own winning claims. Be aware that you are not alone in your quest for justice, many have fought and suffered as they battled the powers of evil. But, rest assured that the light at the end of the tunnel is not a train. You must study and arm yourself with knowledge; its only with an understanding of truth and right that will you achieve justice in a court enacted to produce convictions. For a public example of the lengths they will go, review district court case number 2:16-cv-709-RDP-HGD, in the Northern District of Alabama. Continue to study so you may prevail, remember chance favors a prepared mind.

This fully updated Immigration Law Handbook contains the complete and updated primary law that immigration and homeland security professionals need on a daily basis. Inside this immigration handbook you'll find the full text of the laws with cross-references, along with a table of sections affected by recent legislation, highlights of the most recent Congressional Session, and immigration classifications and charts. A comprehensive Index helps you find and apply the law quickly.

499 pages focused on State Post Conviction Relief which is a specific area that is not addressed by other books. Like no other, this book has a multitude of forms and sample filings that is a must have for every pro se prisoner.

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.
