Gay and lesbian themes in Latin American literature have been largely ignored. This reference fills this gap by providing more than a hundred alphabetically arranged entries for Latin American authors who have treated gay or lesbian material in their works. Each entry explores the significance of gay and lesbian themes in a particular author's writings and closes with a bibliography of primary and secondary sources. The figures included have a professed gay identity, or have written on gay or lesbian themes in either a positive or negative way, or have authored works in which a gay sensibility can be identified. The volume pays particular attention to the difficulty of ascribing North American critical perspectives to Latin American authors, and studies these authors within the larger context of Latin American culture. The book includes entries for men and women, and for authors from Latin American countries as well as Latino writers from the United States. The entries are written by roughly 60 expert contributors from Latin America, the U.S., and Europe.

A passion for gardening First released in 1982, Gardening Under the Arch has long been hailed as the gardening bible for the challenging chinook region of southwestern Alberta. Now, for the first time since its original publication, this hugely successful book has been revised and updated into a full-colour edition by some of its original contributors and a new group of gardeners. This unique book is truly a work of the heart. Hardly slick, not at all highbrow, Gardening Under the Arch is full of practical, homespun know-how based on the collective wisdom gleaned over years by determined gardeners in the chinook zone. There is knowledge here that can't be found in other books, and there is loads of passion for the love of gardening and all the special moments it brings. Gardening Under the Arch provides insight and inspiration, from the first sunny day in spring when you dig your beds to that cold winter's day when you enjoy a freshly baked pie made with the fruit you have grown.
