Current Design & Construction Standards: R&O 19-5 as Amended by R&O 19-22. On November 12, 2019 the Clean Water Services (CWS) Board of Directors adopted amendments (R&O 19-22) to the current Design & Construction Standards (R&O 19-5). These amendments reflect updates to the standard engineering details (Appendix B), pump station standards (Chapter 9), as well as minor changes within the text to ensure clarity and consistency throughout the standards.

Design & Construction Standards - Clean Water Services

The City of Santa Rosa Design and Construction Standards are adopted by the City Council to specify how City facilities are to be constructed. They are divided into sections covering Streets, Traffic, Street Lights, Storm Drains, Water, Sewer, and Landscaping. The Standards, which contain design criteria as well as specifications and plans, are a reference for engineers preparing plans for construction and for contractors performing the construction.
